05 Shout It Out

The crowd chooses not to notice
Nameless species turn their heads

They try to understand what we are hunting on
Cowards believe me I'm in this
Running for the sunset
Still waiting 'cross the sky
And there we gone

Shout it out, shout it out
They're giving me away
Shout it out, shout it out
Cause tomorrow wants me to change
Shout it out, shout it out
Keep on running till tomorrow with a distant yesterday

Rocking all night
Tearing music from my heart
Standing up and scream
Screaming this is who we are
I see all the people in their childhood
And all those people are too afraid of change
I'm so glad we didn't listen
Now we're running up the stars

Shout it out, shout it out
They're giving me away
Shout it out, shout it out
'Cause tomorrow wants me to change
Shout it out, shout it out
Keep on running till tomorrow with a distant yesterday

Shout it out, shout it out
They're giving me away
Shout it out, shout it out
Cause tomorrow wants me to change
Shout it out, shout it out
Keep on running, running
Shout it out, shout it out
Keep on running, till guilty, guilty yeah!

Running, run away
Run a, run a, run away, yeah

So they do it so It's not suspicious
In reverse this piece
All they want, sleep so quiet, it's the law, they scammed it
Words have to fill the terminal
There's no small favour
They had spoken Hymn
Oh dream for them

I hate this, I hate this
Here where you stand naked
I hate this, I hate this
Here's the noose, so wonderful
I hate this, I hate this
I hate this, take it in, there's nothing for run Take it off for nothing

We are learning how
Uh-uh-uh I will sin save Derek
His sin, forced his way in
I hate all this, they save the news
And all I win they can keep the lies
Here's the news, I love you for money
The Saints they need you It was
Stars running out of wine

I hate this, I hate this
Here where you stand naked
I hate this, I hate this
Here's the noose, so wonderful
I hate this, I hate this
I hate this, take it in, there's nothing for run Take it off for nothing

I hate this, I hate this
Here where you stand naked
I hate this, I hate this
Here's the noose, so wonderful
I hate it, I hate it
Satan will come for me
I hate it, I hate it
Hey pray, hey Satan, hey run from me
